Frontend Developer

Experienced Frontend Developer with 6+ years in IT and freelancing, specializing in **Next.js, TypeScript, and modern web technologies**. Strong expertise in building scalable web applications, authentication, AI integrations, and UI/UX development. Passionate about delivering high-performance and user-friendly applications.

Skills & Technologies

- **Frontend:** Next.js (App Router), React.js, TypeScript, Tailwind CSS, CSS Modules, Zustand, Redux
- **Backend:** Node.js, Express.js, Prisma, PostgreSQL, MongoDB
- **Authentication:** Auth.js, JWT, OAuth
- **AI & Chatbots:** OpenAI API, LangChain, AI model integrations
- **DevOps & Deployment:** Vercel, Netlify, Docker, Cloud Run (GCP)

Projects

1. Calendly Clone

- Built a **Next.js** scheduling platform with calendar integration.
- Implemented **server actions** for real-time availability updates.
- Used **Prisma & PostgreSQL** for efficient data storage.
- [Visit here](#)

2. PPE Clone

- Developed a **multi-step e-commerce platform** using Next.js.
- Integrated authentication with **Auth.js & JWT**.
- Used **Zustand for state management** and **Stripe API for payments**.
- [Visit here](#)

3. Next.js CRUD Operations (Prisma & PostgreSQL)

- Created a full-stack CRUD application using **Next.js App Router**.
- Implemented **Prisma ORM** for database interactions.
- Deployed on **Vercel** with **PostgreSQL on Supabase**.

4. Next.js AI Chatbot

- Developed an AI-powered chatbot supporting multiple LLMs.
- Integrated **OpenAI API, Claude, and Gemini**.
- Used **server-side streaming** for real-time responses.

5. Next.js Authentication with Auth.js

- Built a secure authentication system using **Auth.js**.
- Implemented OAuth providers (Google, GitHub) and JWT.
- Managed sessions with **NextAuth callbacks and middleware**.

6. Low-Code Form Builder

- Created a **drag-and-drop form builder** with customizable fields.
- Used **Zustand for state persistence** and **MongoDB for storage**.
- Enabled **exportable form templates** and submission tracking.

Experience

Freelance Frontend Developer

(Fiverr | Upwork | YouTube) | 2022 - Present
- Delivered **custom Next.js applications** for clients worldwide. - Developed and integrated **AI-driven web applications**. - Provided consulting on **frontend best practices** and **performance optimization**.

Let's Emkindle | Team Lead AI & ML Developer

Sep 2023 - Present
- Led a team of **5 developers**, focusing on **AI-powered SaaS** solutions. - Built AI-integrated **frontend applications** with Next.js.

Education

- **Master of Engineering (Power Systems)** – Sankalchand Patel College of Engineering (2011-2013)
- **Bachelor of Engineering (Electrical Engineering)** – Global Institute of Technology (2006-2009)

Content Creation & Community

- **YouTube Channel:** Tech tutorials on Next.js, AI, Dialogflow, and cloud deployment.
- **GitHub:** Open-source contributions in **Next.js, AI chatbots, and full-stack applications**.
